Profile

I am Gusti Bagus Agung Swastika Arya Prayoga. A, a recent graduate from the STIKOM BALI Institute of Technology and Business with a Bachelor of Computer (S. Kom) degree. I found a great interest in Website Development and learned the basics of website programming, UI/UX, and business process design through personal projects and internships. With a passion for learning and adapting to new technologies, I am confident that I can contribute effectively in a professional environment, as well as enthusiastic about continuing to develop in a dynamic world of work.

Experience
